**Protection & Reversal Magick** Jason Miller 2006-06-15 You could be the target of a spell or curse and not even know it! All people, witches or not, are susceptible to these attacks. The difference: witches and magicians can do something about it. Now you can too. Protection & Reversal Magick is a complete how-to manual on preventing, defending, and reversing magickal attacks of any kind. You will learn to: Set up early-warning systems. Appease angry spirits through offerings. Perform daily banishings and make amulets that will prevent most attacks. Make magickal "decoys" to absorb attacks against you Summon guardian spirits or gods for help. Bind, confuse, or expel a persistent enemy who will not leave you be. These techniques aren't just for witches, either, but for ceremonial magicians, rootdoctors, and anyone else who puts magick to a practical use. Like the cunning men and women of old, now you can defend yourself and your loved ones against even the strongest attacks! "This book is not only one of my favorite books on 'defense against the dark arts', but is actually one of my favorite books in my whole library. Throughout the book Jason provides not only on protection, but also on recognizing the symptoms of attack and creating early warning system to alert you of magickal attacks." —Mat Auryn, author of Psychic Witch

*All Spell Breaks Loose* Lisa Shearin 2012-05-29 From national bestselling author Lisa Shearin comes a new chapter in "one of the best fantasy series currently on the market." (Night Owl Reviews) My name is Raine Benares—and it sucks to be me right now. I'm a seeker who found the Saghred, a soul-stealing stone that gave me unlimited powers I never wanted. Now I've lost the rock—and the magic it gave me—to a goblin dark mage whose main goals are my death and world domination. This is more than incentive enough for a little trip to the goblin capital of Regor with a small band of good friends, not-so-good friends, and one outright enemy. Don't ask. All we need to do is destroy the Saghred, kill the mage, and put a renegade goblin prince on the throne. Did I mention I'll be doing that with no magic?

**The Loving Person** Nina Karin Monsen 2021-11-03 In modern society it is often supposed that morality is outdated. Everybody should be free to do what they want, and become who they like. This often means lack of meaning and unstable wills. But the human being is a real person, and has to strive to get to know him or herself. This knowledge can only be obtained through truthfulness, true thoughts, and honest feelings. The person will develop when he or she fights to understand the good, to find beauty and truth, to see one's own place in a greater connection, and to engage in reflective dialogue with other persons. Out of this come

rules of life such as generosity, friendship, and love. This is a great challenge that will release the true person, and make the will healthy. It makes morality a necessary guide to reality.

**Wild at Heart** John Eldredge 2011-03-22 John Eldredge revises and updates his best-selling, renowned Christian classic. God designed men to be dangerous, says John Eldredge. Simply look at the dreams and desires written in the heart of every boy: To be a hero, to be a warrior, to live a life of adventure and risk. Sadly, most men abandon those dreams and desires-aided by a Christianity that feels like nothing more than pressure to be a "nice guy." It is no wonder that many men avoid church, and those who go are often passive and bored to death. In this provocative book, Eldredge gives women a look inside the true heart of a man and gives men permission to be what God designed them to be-dangerous, passionate, alive, and free. *Curses, Hexes & Spells* Daniel Cohen 1974 Recounts curses on families, creatures, places, wanderers, and ghosts. Also describes amulets and talismans which provide protection.

**The Book of Magic** Alice Hoffman 2021-10-12 "Hoffman certainly knows how to enchant" (*The New York Times Book Review*) in this breathtaking conclusion to the *Practical Magic* series—a spellbinding and bewitching novel that asks how far will you go to change your fate? For over three-hundred years a curse has kept the Owens family from love—but all of that is about to change. The novel begins in a library, the best place for a story to be conjured, when beloved aunt Jet Owens hears the deathwatch beetle and knows she has only seven days to live. Jet is not the only one in danger—the curse is already at work. A frantic attempt to save a young man's life spurs three generations of the Owens women, and one long-lost brother, to use their unusual gifts to break the curse as they travel from Paris to London to the English countryside where their ancestor Maria Owens first practiced the Unnamed Art. The younger generation discovers secrets that have been hidden from them in matters of both magic and love by Sally, their fiercely

protective mother. As Kylie Owens uncovers the truth about who she is and what her own dark powers are, her aunt Franny comes to understand that she is ready to sacrifice everything for her family, and Sally Owens realizes that she is willing to give up everything for love. A heartfelt and satisfying conclusion to a beloved series, *The Book of Magic* celebrates mothers and daughters, sisters and brothers, and anyone who has ever been in love.

**Buddhist Magic** Sam van Schaik 2020-07-28 A fascinating exploration of the role that magic has played in the history of Buddhism As far back as we can see in the historical record, Buddhist monks and nuns have offered services including healing, divination, rain making, aggressive magic, and love magic to local clients. Studying this history, scholar Sam van Schaik concludes that magic and healing have played a key role in Buddhism's flourishing, yet they have rarely been studied in academic circles or by Western practitioners. The exclusion of magical practices and powers from most discussions of Buddhism in the modern era can be seen as part of the appropriation of Buddhism by Westerners, as well as an effect of modernization movements within Asian Buddhism. However, if we are to understand the way Buddhism has worked in the past, the way it still works now in many societies, and the way it can work in the future, we need to examine these overlooked aspects of Buddhist practice. In *Buddhist Magic*, van Schaik takes a book of spells and rituals--one of the earliest that has survived--from the Silk Road site of Dunhuang as the key reference point for discussing Buddhist magic in Tibet and beyond. After situating Buddhist magic within a cross-cultural history of world magic, he discusses sources of magic in Buddhist scripture, early Buddhist rituals of protection, medicine and the spread of Buddhism, and magic users. Including material from across the vast array of Buddhist traditions, van Schaik offers readers a fascinating, nuanced view of a topic that has too long been ignored.

**The Spell Book of a Wicked Witch** Thalia Thorne 2021-02-07 Sometimes the only way to get justice is to make it for yourself. Many modern witches believe that you should only use magic to bring positive energy into the world, and most spell books teach you those types of spells. This spell book is different. This spell book is wicked. There are times when you will be hurt by someone you loved, betrayed by someone you trusted, maligned by someone you thought was your friend. Times when the magic of light and love just will not do. Thalia Thorne is an experienced witch and falls firmly into the camp that knows that there is no such thing as "white magic" or "black magic". Magic is what you turn to when mundane methods have failed or just won't work. If you're not pushing back against those who would walk all over you, then you're just going to end up being a doormat. This spell book will teach you how to make your own justice and stand up for yourself. **30 Positive Candle Spells for 30 Days** Sebastian Collins 2016-03-04 This book contains tips on how to perform Wiccan candle spells effectively to help you achieve physical, mental, emotional, spiritual, social and financial fulfillment. Candle spells are believed to be the most potent of all Wiccan spells. Each time you perform a candle spell, you invoke the spirit of the fire, which is powerful, passionate and aggressive in nature. However, it is important to note that the effectiveness of a spell can be influenced by the smallest of details such as the color of the candles, the placement of the candles and the phase of the moon. In this book, you will encounter a brief introduction to candle magick, its origins, and the different colors of candles and their uses. When done correctly, Wiccan candle spells can help you achieve success in all areas of your life. This book features thirty candle spells that cover almost everything that a person may desire in his lifetime - from love to wealth to health. Moreover, this book contains spells for more specific desires ranging from a debt-clearing spell to a weight-loss spell to a libido-lifting spell. Even our cave-dwelling ancestors understood the protective power of fire. Our predecessors used its warmth and light to protect them from the unknown forces that creep in the shadows. We are constantly surrounded by low vibration beings relentlessly seeking for an opportunity to latch themselves onto us. Though unseen by the naked eye, the effects of these beings' physical, emotional, psychological and spiritual parasitism are manifested through illness, stress, procrastination, addictions and other negative thoughts, habits and emotions. Through this book, you'll find various spells that will let you shield yourself, your loved ones, your household, and even your psyche from malign influences that are constantly lurking about. Furthermore, you'll find spells on how to let go of negativity and self-destructive habits and spells to reverse curses whether they were done for you or by you. From the book: 1. A Candle Spell to Attract Love Perform this spell under the light of the New Moon. First, gather the following items: One white candle Three yellow colored candles Red rose petals Tea made from brewed mint leaves Next, cast your circle of protection. Arrange the yellow candles in a triangular pattern along your circle. Meanwhile, place the white candle right in the middle of the triangle, then take the rose petals and scatter them around you. Utter an invocation to your chosen deity. For this spell, it is best to invite the presence of deities who govern the

force of love. Speak out loud your personal petition. Concentrate on your desire. The important thing is that you believe in every word that you say and that your words are being heard. Example of chant for love spell: Oh Aphrodite, I invite thee Goddess of love and beauty To bless me. Fill this space With thy glorious presence. Help my soulmate become aware Of my existence. So that he/she Will find his/her way to me. May he/she feel my love Across space and time. May I be his/hers And may he/she be mine. And then say: "For such is my will." After this, slowly sip the tea that you have prepared and kept warm. While doing so, meditate on the candles. Envision your soulmate. In your mind's eye, see the kind of life that you will spend together. Note: Before performing candle magick to attract your soulmate, it is necessary to have a clear idea of the kind of person that you want. Focus more on the internal characteristics rather than the external features. Example: instead of wishing for a soulmate with blonde hair and blue eyes, dedicate your energy into asking the universe for a lover who shares your passion, supports your beliefs, and someone with whom you will enjoy conversing. Next, extinguish the flames from the candles one by one, beginning with the white one. Gather the petals from the... (continued in book)"

*The Book of Ceremonial Magic* Arthur Edward Waite 1961 THE ordinary fields of psychological inquiry, largely in possession of the pathologist, are fringed by a borderland of occult and dubious experiment into which pathologists may occasionally venture, but it is left for the most part to unchartered explorers. Beyond these fields and this borderland there lies the legendary wonder-world of Theurgy, so called, of Magic and Sorcery, a world of fascination or terror, as the mind which regards it is tempered, but in either case the antithesis of admitted possibility. There all paradoxes seem to obtain actually, contradictions coexist logically, the effect is greater than the cause and the shadow more than the substance. Therein the visible melts into the unseen, the invisible is manifested openly, motion from place to place is accomplished without traversing the intervening distance, matter passes through matter. There two straight lines may enclose a space; space has a fourth dimension, and untrodden fields beyond it; without metaphor and without evasion, the circle is mathematically squared. There life is prolonged, youth renewed, physical immortality secured. There earth becomes gold, and gold earth. There words and wishes possess creative power, thoughts are things, desire realises its object. There, also, the dead live and the hierarchies of extra-mundane intelligence are within easy communication, and become ministers or tormentors, guides or destroyers, of man. There the Law of Continuity is suspended by the interference of the higher Law of Fantasia. But, unhappily, this domain of enchantment is in all respects comparable to the gold of Faerie, which is presumably its medium of exchange. It cannot withstand daylight, the test of the human eye, or the scale of reason. When these are applied, its paradox becomes an anticlimax, its antithesis ludicrous; its contradictions are without genius; its mathematical marvels end in a verbal quibble; its elixirs fail even as purges; its transmutations do not need exposure at the assayer's hands; its marvel-working words prove barbarous mutilations of dead languages, and are impotent from the moment that they are understood; departed friends, and even planetary intelligences, must not be seized by the skirts, for they are apt to desert their draperies, and these are not like the mantle of Elijah.

**How to Break Curses, Spells and Hexes** Daniel Copeland 2019-04-10 How to Break Curses, Spells and Hexes... Defeating Demons and Spiritual Oppression Do you know what the Bible says about curses and spells? Did you know that you can be cursed the same way you can be blessed? Did you know that curses are referenced well over 100 times in the Bible? Today, just as in Biblical times, people with evil mindsets still willingly and unwillingly place curses, spells and hexes on other people. They have the power to impose invisible barriers in your life that can affect your health, business and relationships in deeply negative ways. Spiritual oppression can also come not only from the outside through curses and witchcraft, but also from within ourselves because we harbor hatred, bitterness, malice and unforgiveness in our hearts (Matthew 18:21-35). Such spiritual oppression can also stem from things such as involvement in the occult, false teaching and sexual immorality, or from keeping idols or magic books in the home (Deuteronomy 7:24-26). However, Christians cannot be fully and totally possessed by the Devil as Legion was because they have the Holy Spirit. Nonetheless, Christians can be oppressed, hindered and harassed. They can be like the Temple in Jerusalem which, in the time of Jeremiah and Ezekiel, had idol worship and evil practices occurring while God's glory still dwelt in the Ark of the Covenant inside the Holy of Holies. Therefore, it is often necessary that Christians cleanse the Temple and break all association with such practices. This book

discusses how to cleanse the Christian life of all things that offend God, how to be filled with the Holy Spirit and power and move from being under a curse to enjoying the blessings of Abraham and of Christ! In this book you will learn how to break free of these forces working in your life by renouncing all contact, association with and participation in evil and by following Jesus Christ fully and receiving His powerful blessings through the Holy Spirit of God. It is the Cross of Jesus Christ that will set you free. You cannot do this yourself. It is not magic; You do not counter magic with more magic. Rather you counter magic with faith and trust in Jesus Christ, through whom God created the world. If you or a loved one is in need of dealing with invisible barriers and obstacles that may be limiting receiving God's plan for your life, How to Break Curses, Spells and Hexes... Defeating Demons and Spiritual Oppression will help you or your loved ones nullify any curses to receive God's blessings in your life.

**Black Magic** Yvonne P. Chireau 2006-11-20 "Chireau has written a marvelous text on an important dimension of African American religious culture. Expanding beyond the usual focus of scholarship on Christianity, she describes and analyzes the world of magical-medical-religious practice, challenging hallowed distinctions among "religion" and "magic." Anyone interested in African American religion will need to reckon seriously with Chireau's text on conjure."—Albert J. Raboteau, Princeton University "Deprived of their own traditions and defined as chattel, enslaved Africans formed a new orientation in America. Conjuring—operating alongside of and within both the remnants of African culture and the acquired traditions of North America—served as a theoretical and practical mode of deciphering and divining within this, enabling them to create an alternate meaning of life in the New World. Chireau's is the first full-scale treatment of this important dimension of African American culture and religion. A wonderful book!"—Charles H. Long, Professor of History of Religions University of California, Santa Barbara and author of *Significations: Signs, Symbols and Images in the Interpretation of Religion*

**The Book of Shadows** Brittany Nightshade 2016-04-26 EDIT: Updates for 2017! Added more spells, illustrations and a glossary. I compiled this Book of Shadows from a collection of spells I have been using since I started down my path. This book contains over 100 spells, a list of runes, how they can be used in spell casting and even crafting your own spells. I've collected these spells from several different sources, mostly from witches I have met in my travels and covens I have been a part of. I've tweaked a few of these spells to fit my needs from time to time and you can do the same as the words aren't what give the spells power, your energy is what really matters, so feel free to do the same and change what you want to suit your own needs. The craft of Magic is a constant fluctuating living thing and our ancestors have borrowed, changed, and made from scratch what we practice today. I hope this book helps you grow as a person and a spellcrafter. -Brittany Nightshade-Brittany Nightshade

*A Community of Witches* Helen A. Berger 1999 A Community of Witches explores the beliefs and practices of Neo-Paganism and Witchcraft - generally known to scholars and practitioners as Wicca. While the words "magic," "witchcraft," and "paganism" evoke images of the distant past and remote cultures, this book shows that Wicca has emerged as part of a new religious movement that reflects the era in which it developed. Imported to the United States in the late 1960s from the United Kingdom, the religion absorbed

into its basic fabric the social concerns of the time: feminism, environmentalism, self-development, alternative spirituality, and mistrust of authority.
