**Burning Down the House** Jane Mendelsohn  
2017-02-21 It begins with two girls: Neva, from the Caucasus, sold into the sex trade; and Poppy, the adopted daughter of a wealthy New York real estate family, the Zanes. As their paths cross and their fates intertwine in an exquisite high drama that blurs the lines between realism and myth, we travel with them from lavish weddings to the transglobal underworld; from London and New York to Laos and Istanbul; and we watch as the mighty Zane dynasty slips from greatness. Mendelsohn captures the emotional worlds of these characters with visceral immediacy, and transforms their private narratives into a larger story about the forces of globalization, human trafficking, and sexual violence. Gripping and psychologically acute, *Burning Down the House* is an extraordinary family saga that limns the inescapable connections between the personal and the political.

**Fahrenheit 451** Ray Bradbury 1968 A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.

**Burning Down the House** James Sterngold  
1990 Captures the rise and fall of E.F. Hutton, the backroom negotiating and power plays of some of Wall Street's biggest names.

**White House Burning** Simon Johnson  
2013-02-12 From the authors of the national bestseller *13 Bankers*, a chilling account of America's unprecedented debt crisis: how it came to pass, why it threatens to topple the

nation as a superpower, and what needs to be done about it. With bracing clarity, *White House Burning* explains why the national debt matters to your everyday life. Simon Johnson and James Kwak describe how the government has been able to pay off its debt in the past, even after the massive deficits incurred as a result of World War II, and analyze why this is near-impossible today. They closely examine, among other factors, macroeconomic shifts of the 1970s, Reaganism and the rise of conservatism, and demographic changes that led to the growth of major—and extremely popular—social insurance programs. What is unquestionably clear is how recent financial turmoil exacerbated the debt crisis while creating a political climate in which it is even more difficult to solve.

**Set This House on Fire** William Styron  
2010-05-04 A New York Times bestseller by the author of *Sophie's Choice*: Two Americans search for the truth about a mysterious long-ago murder in Italy. Shortly after World War II, in the village of Sambuco, Italy, two men—Virginia attorney Peter Leverett and South Carolina artist Cass Kinsolving—crossed paths with Mason Flagg. They both had their own reactions to the gregarious and charismatic movie mogul's son. For the impressionable Peter, it was something close to awe. For the alcoholic Cass, it was unsettled rage. Then, after the rape and murder of a peasant girl, Mason's body was found at the base of a cliff—an apparent suicide. He'd been distraught, the authorities said, over committing such a heinous crime. Peter and Cass went their separate ways, and never spoke of it again. Now, years later, Peter is still

haunted by what he knows—and by what he doesn't. He's sought out Cass in Charleston for closure, and something close to the truth. Together both men will share their tales of that terrible season in Italy, each with their own ghosts—and their own reasons to exorcise them. But neither Peter nor Cass is prepared for where this path of revenge, complicity, and atonement will take them. A profound exploration of the evil that men do, and what the innocent must endure to accommodate it, *Set This House on Fire* is more than a byzantine murder mystery, it's "one of the finest novels of our times" from the Pulitzer Prize-winning author of *The Confessions of Nat Turner*, *Darkness Visible*, and other modern classics (San Francisco Chronicle). This ebook features a new illustrated biography of William Styron, including original letters, rare photos, and never-before-seen documents from the Styron family and the Duke University Archives.

*When the House Burns Down* Giorgio Agamben 2023-02-05 Giorgio Agamben tackles our crisis-ridden world in a series of powerful philosophical essays. "Which house is burning?" asks Giorgio Agamben. "The country where you live, or Europe, or the whole world? Perhaps the houses, the cities have already burnt down—who knows how long ago?—in a single immense blaze that we pretended not to see." In this collection of four luminous, lyrical essays, Agamben brings his characteristic combination of philosophical acuity and poetic intensity to bear on a world in crisis. Whether surveying the burning house of

our culture in the title essay, the architecture of pure exteriority in "Door and Threshold," the language of prophecy in "Lessons in the Darkness," or the word of the witness in "Testimony and Truth," Agamben's insights throw a revealing light on questions both timeless and topical. Written in dark times over the past year, and rich with the urgency of our moment, the essays in this volume also seek to show how what appears to be an impasse can, with care and attention, become the door leading to a way out.

*Burn Down the Ground* Kambri Crews 2012 A hearing daughter of deaf parents recounts her lonely childhood in a hearing-impaired community, her witness to her father's uncontrollable abusive rages and her efforts to live her life during her father's 20-year conviction for a violent crime.

**This Is the Night Our House Will Catch Fire:**

**A Memoir** Nick Flynn 2020-08-25 A searing memoir on how childhood spills into parenthood from the critically acclaimed author of *Another Bullshit Night in Suck City*. When Nick Flynn was seven years old, his mother set fire to their house. The event loomed large in his imagination for years, but it's only after having a child of his own that he understands why. He returns with his young daughter to the landscape of his youth, reflecting on how his feral childhood has him still in its reins, and forms his memories into lyrical bedtime stories populated by the both sinister and wounded Mister Mann. With the spare lyricism and dark irony of his classic, *Another Bullshit Night in Suck City*, Flynn excavates the terrain of his traumatic upbringing and his mother's suicide. *This Is the Night Our House Will Catch Fire* unravels the story of the fire that Flynn had to escape, and the ways in which, as an adult, he has carried that fire with him until it threatens to burn down his own house. Here Nick confronts his failings with fierce candor, even as they threaten to tear his family apart. His marriage in crisis, Flynn seeks answers from his therapist, who tells him he has

"the ethics of a drowning man." *This Is the Night Our House Will Catch Fire* takes us on the journey of a man struggling to hold himself together in prose that is raw and moving, sharp-edged and wry. Alternating literary analysis and philosophy with intimate memoir, Flynn probes his deepest ethical dilemmas.

**Everything I Left Unsaid** M. O'Keefe 2015-10-13 Fans of Jodi Ellen Malpas, K. Bromberg, and Joanna Wylde will be unable to resist this sexy, deeply intimate tale of a woman running from her past, and the darkly mysterious man who sets her free. I didn't think answering someone else's cellphone would change my life. But the stranger with the low, deep voice on the other end of the line tempted me, awakened my body, set me on fire. He was looking for someone else. Instead he found me. And I found a hot, secret world where I felt alive for the first time. His name was Dylan, and, strangely, he made me feel safe. Desired. Compelled. Every dark thing he asked me to do, I did. Without question. I longed to meet him, but we were both keeping secrets. And mine were dangerous. If I took the first step, if I got closer to Dylan—emotionally, physically—then I wouldn't be hiding anymore. I would be exposed, with nothing left to surrender but the truth. **Burning Down the House** Andrew Koppelman 2022-10-04 A lively history of American libertarianism and its decay into dangerous fantasy. In 2010 in South Fulton, Tennessee, each household paid the local fire department a yearly fee of \$75.00. That year, Gene Cranick’s house accidentally caught fire. But the fire department refused to come because Cranick had forgotten to pay his yearly fee, leaving his home in ashes. Observers across the political spectrum agreed—some with horror and some with enthusiasm—that this revealed the true face of libertarianism. But libertarianism did not always require callous indifference to the misfortunes of others. Modern libertarianism began with Friedrich Hayek’s admirable corrective to the Depression-era vogue for central economic planning. It resisted oppressive state power. It showed how capitalism could improve life for everyone. Yet today, it’s a toxic blend of anarchism, disdain for the weak, and rationalization for environmental catastrophe. Libertarians today accept new, radical arguments—which crumble under

scrutiny—that justify dishonest business practices and Covid deniers who refuse to wear masks in the name of “freedom.” Andrew Koppelman’s book traces libertarianism’s evolution from Hayek’s moderate pro-market ideas to the romantic fabulism of Murray Rothbard, Robert Nozick, and Ayn Rand, and Charles Koch’s promotion of climate change denial. *Burning Down the House* is the definitive history of an ideological movement that has reshaped American politics.

*Burning Down the House* Charles Baxter 2013-07-16 Graywolf reissues one of its most successful essay collections with two new essays and a new foreword by Charles Baxter As much a rumination on the state of literature as a technical manual for aspiring writers, *Burning Down the House* has been enjoyed by readers and taught in classrooms for more than a decade. **Blow Your House Down** Gina Frangello 2021-04-06 A New York Times Book Review Editors' Choice • A Good Morning America Recommended Book • A LitReactor Best Book of the Year • A BuzzFeed Most Anticipated Book of the Year • A Lit Hub Most Anticipated Book of the Year • A Rumpus Most Anticipated Book of the Year • A Bustle Most Anticipated Book of the Month "A pathbreaking feminist manifesto, impossible to put down or dismiss. Gina Frangello tells the morally complex story of her adulterous relationship with a lover and her shortcomings as a mother, and in doing so, highlights the forces that shaped, silenced, and shamed her: everyday misogyny, puritanical expectations regarding female sexuality and maternal sacrifice, and male oppression." —Adrienne Brodeur, author of *Wild Game* Gina Frangello spent her early adulthood trying to outrun a youth marked by poverty and violence. Now a long-married wife and devoted mother, the better life she carefully built is emotionally upended by the death of her closest friend. Soon, awakened to fault lines in her troubled marriage, Frangello is caught up in a recklessly passionate affair, leading a double life while continuing to project the image of the perfect family. When her secrets are finally uncovered, both her home

and her identity will implode, testing the limits of desire, responsibility, love, and forgiveness. *Blow Your House Down* is a powerful testimony about the ways our culture seeks to cage women in traditional narratives of self-sacrifice and erasure. Frangello uses her personal story to examine the place of women in contemporary society: the violence they experience, the rage they suppress, the ways their bodies often reveal what they cannot say aloud, and finally, what it means to transgress "being good" in order to reclaim your own life.

**Burning Down the House** Jo Dyer 2022-02 The Morrison government's moral decline happened first slowly and then all at once. We suffered through 'Sports rorts' and 'Watergate' and an MIA PM, before the dissembling response to allegations of sexual abuse at the very heart of federal politics threw into stark relief the cynicism and moral bankruptcy of a government ready to abandon any semblance of integrity to save its own skin. But at a time when the country is crying out for leadership, the Labor Party seems paralysed, so terrified it may lose votes from its opponent's perennial wedging that, on key moral questions, it has failed to make the case to win them. *Burning Down the House* tells the story of how our political system went awry. Debunking the notion that we've ever had a two-party system, it examines how -- with a recent dance card that has gone way beyond Labor and Liberal to encompass the Nationals, Greens, Centre Alliance and a whole host of RWNJs -- Australia has now arrived at a place where a group of the most unlikely politicians contemplated the sort of Australia they wanted -- responsible, humane, moral -- and concluded that was not the Australia reflected in our current toxic politics. Into the breach has stepped a range of independents beholden to no one but themselves and their electorates, ordinary Australians determined to burn it all down and build something new.

**Burning Down the House** Julian E. Zelizer 2020-07-07 A New York Times Notable Book! A New York Times Book Review Editors' Choice The story of how Newt Gingrich and his allies tainted American politics, launching an enduring era of brutal partisan warfare When Donald Trump was elected president in 2016, President Obama observed that Trump "is not an outlier;

he is a culmination, a logical conclusion of the rhetoric and tactics of the Republican Party." In *Burning Down the House*, historian Julian Zelizer pinpoints the moment when our country was set on a path toward an era of bitterly partisan and ruthless politics, an era that was ignited by Newt Gingrich and his allies. In 1989, Gingrich brought down Democratic Speaker of the House Jim Wright and catapulted himself into the national spotlight. Perhaps more than any other politician, Gingrich introduced the rhetoric and tactics that have shaped Congress and the Republican Party for the last three decades. Elected to Congress in 1978, Gingrich quickly became one of the most powerful figures in America not through innovative ideas or charisma, but through a calculated campaign of attacks against political opponents, casting himself as a savior in a fight of good versus evil. Taking office in the post-Watergate era, he weaponized the good government reforms newly introduced to fight corruption, wielding the rules in ways that shocked the legislators who had created them. His crusade against Democrats culminated in the plot to destroy the political career of Speaker Wright. While some of Gingrich's fellow Republicans were disturbed by the viciousness of his attacks, party leaders enjoyed his successes so much that they did little collectively to stand in his way. Democrats, for their part, were alarmed, but did not want to sink to his level and took no effective actions to stop him. It didn't seem to matter that Gingrich's moral conservatism was hypocritical or that his methods were brazen, his accusations of corruption permanently tarnished his opponents. This brand of warfare worked, not as a strategy for governance but as a path to power, and what Gingrich planted, his fellow Republicans reaped. He led them to their first majority in Congress in decades, and his legacy extends far beyond his tenure in office. From the Contract with America to the rise of the Tea Party and the Trump presidential campaign, his fingerprints can be seen throughout some of the most divisive episodes in contemporary American politics. *Burning Down the House* presents the alarming narrative of how Gingrich and his allies created a new normal in Washington.

[Burning Down the House](#) Nell Bernstein 2014-06-03 When teenagers scuffle during a

basketball game, they are typically benched. But when Will got into it on the court, he and his rival were sprayed in the face at close range by a chemical similar to Mace, denied a shower for twenty-four hours, and then locked in solitary confinement for a month. One in three American children will be arrested by the time they are twenty-three, and many will spend time locked inside horrific detention centers that defy everything we know about how to rehabilitate young offenders. In a clear-eyed indictment of the juvenile justice system run amok, award-winning journalist Nell Bernstein shows that there is no right way to lock up a child. The very act of isolation denies delinquent children the thing that is most essential to their growth and rehabilitation: positive relationships with caring adults. Bernstein introduces us to youth across the nation who have suffered violence and psychological torture at the hands of the state. She presents these youths all as fully realized people, not victims. As they describe in their own voices their fight to maintain their humanity and protect their individuality in environments that would deny both, these young people offer a hopeful alternative to the doomed effort to reform a system that should only be dismantled. *Burning Down the House* is a clarion call to shut down our nation's brutal and counterproductive juvenile prisons and bring our children home.

**Burn This House** Jasminka Udovicki  
2000-10-31 With Muslim, Croatian, and Serbian journalists and historians as contributors, *Burn This House* portrays the chain of events that led to the recent wars in the heart of Europe. Comprised of critical, nonnationalist voices from the former Yugoslavia, this volume elucidates the Balkan tragedy while directing attention toward the antiwar movement and the work of the independent media that have largely been ignored by the U.S. press. Updated since its first publication in 1997, this expanded edition, more relevant than ever, includes material on new developments in Kosovo. The contributors show that, contrary to descriptions by the Western media, the roots of the warring lie not in ancient Balkan hatreds but rather in a specific set of sociopolitical circumstances that occurred after the death of Tito and culminated at the end of the Cold War. In bringing together these essays, Serbian-born sociologist Jasminka Udovicki and *Village Voice* Washington correspondent James Ridgeway provide essential historical background for understanding the turmoil in Croatia, Bosnia, and Kosovo and expose the catalytic role played by the propaganda of a powerful few on all sides of what eventually became labeled an ethnic dispute. *Burn This House* offers a poignant, informative, and fully up-to-date explication of the continuing Balkan tragedy. Contributors. Sven Balas, Milan Milosević Branka Prpa-Jovanović, James Ridgeway, Stipe Sikavica, Ejub Stitkovic, Mirko Tepavac, Ivan Torov, Jasminka Udovicki, Susan Woodward

*Burning the Big House* Terence Dooley 2022-04-19 The gripping story of the tumultuous destruction of the Irish country house, spanning the revolutionary years of 1912 to 1923 During the Irish Revolution nearly three hundred country houses were burned to the ground. These "Big Houses" were powerful symbols of conquest, plantation, and colonial oppression, and were caught up in the struggle for independence and the conflict between the aristocracy and those demanding access to more land. Stripped of their most important artifacts, most of the houses were never rebuilt and ruins such as Summerhill stood like ghostly figures for generations to come. Terence Dooley offers a unique perspective on the Irish Revolution, exploring the struggles over land, the impact of the Great War, and why the country mansions of the landed class became such a symbolic target for republicans throughout the period. Dooley details the shockingly sudden acts of occupation

and destruction—including soldiers using a Rembrandt as a dart board—and evokes the exhilaration felt by the revolutionaries at seizing these grand houses and visibly overturning the established order.

**Burning Down George Orwell's House**

Andrew Ervin 2015-05-05 A darkly comic novel about advertising, truth, single malt, Scottish hospitality—or lack thereof—and George Orwell's Nineteen Eighty-Four. Ray Welter, who was until recently a high-flying advertising executive in Chicago, has left the world of newspeak behind. He decamps to the isolated Scottish Isle of Jura in order to spend a few months in the cottage where George Orwell wrote most of his seminal novel, Nineteen Eighty-Four. Ray is miserable, and quite prepared to make his troubles go away with the help of copious quantities of excellent scotch. But a few of the islanders take a decidedly shallow view of a foreigner coming to visit in order to sort himself out, and Ray quickly finds himself having to deal with not only his own issues but also a community whose eccentricities are at times amusing and at others downright dangerous. Also, the locals believe—or claim to believe—that there's a werewolf about, and against his better judgment, Ray's misadventures build to the night of a traditional, boozy werewolf hunt on the Isle of Jura on the summer solstice.

Burning Down the Haus Tim Mohr 2019-09-03 NAMED ONE OF THE BEST BOOKS OF THE

YEAR BY Rolling Stone \* BookPage \* Amazon \* Rough Trade Longlisted for the Carnegie Medal for Excellence “[A] riveting and inspiring history of punk’s hard-fought struggle in East Germany.” —The New York Times Book Review “A thrilling and essential social history that details the rebellious youth movement that helped change the world.” —Rolling Stone “Original and inspiring . . . Mr. Mohr has written an important work of Cold War cultural history.” —The Wall Street Journal “Wildly entertaining . . . A thrilling tale . . . A joy in the way it brings back punk’s fury and high stakes.”—Vogue It began with a handful of East Berlin teens who heard the Sex Pistols on a British military radio broadcast to troops in West Berlin, and it ended with the collapse of the East German dictatorship. Punk rock was a life-changing discovery. The buzz-saw guitars, the messed-up clothing and hair, the rejection of society and the DIY approach to building a new one: in their gray surroundings, where everyone’s future was preordained by some communist apparatchik, punk represented a revolutionary philosophy—quite literally, as it turned out. But as these young kids tried to form bands and became more visible, security forces—including the dreaded secret police, the Stasi—targeted them. They were spied on by friends and even members of their own families; they were expelled from schools and fired from jobs; they were beaten by police and imprisoned. Instead of conforming, the punks fought back, playing an indispensable role in the underground movements that helped bring down the Berlin Wall. This secret history of East German punk rock is not just about the music; it is a story of extraordinary bravery in the face of one of the most oppressive regimes in history. Rollicking, cinematic, deeply researched, highly readable, and thrillingly topical, *Burning Down the Haus* brings to life the young men and women who successfully fought authoritarianism three chords at a time—and is a fiery testament to the irrepressible spirit of revolution.
