As seen through the eyes of 16-year-old Allie Kim, they roam the silent streets, looking for adventure, while others sleep. When Allie's best friend introduces the trio to Parkour, the stunt-sport of running and climbing off forest cliffs and tall buildings (risky in daylight and potentially deadly by darkness), they feel truly alive, equal to the "daytimers." On a random summer night, while scaling a building like any other, the three happen to peer into an empty apartment and glimpse an older man with what looks like a dead girl. A game of cat-and-

mouse ensues that escalates through the underground world of hospital confinement, off-the-grid sports, and forbidden love. Allie, who can never see the light of day, discovers she's the lone key to stopping a human monster.

**Off Balance** Aileen Erin 2020-02-11 Nightmares are plaguing me. I wake up smelling sulfur, feeling my skin burning, knowing that I'm burning to death on the surface of Abaddon, but I'm not. I'm on Sel'Ani, my father's home planet. I'm alive and using my true name and finally

free to be myself. And yet, I'm completely falling apart. Every time I wake up screaming, Lorne is there. I don't understand how he knows when I need him, but he does, and even if I can't say the words aloud, I'm so thankful that he's there. Because I wouldn't survive this without him. It's not just my nightmares and exhaustion and trauma making this hard. I thought escaping Earth, Abaddon, and SpaceTech would mean I was safe, but I'm not. The Aunare don't want me here, mostly because if I'm here that means my betrothal to the heir to the Aunare High Throne is back on. I would call it off, but I can't seem to make myself say the words because Lorne is the heir. Everything in me is drawn to Lorne, the man that haunted my dreams, the man that lures me in with his every look, the man that I can't seem to get away from because everywhere I go, every time I need him, he's there. Lorne makes me forget that the Aunare hate me enough to send assassins to kill me. I can't resist him. Lorne makes me think that everything is possible, that I will be okay, that I should just say yes to him. Because being with him means that I will eventually become the High Queen of the Aunare, and I'm not sure I can do that job. I'm not sure I should. Because the Aunare hate me for being a half-Earther, and I'm just one more assassination attempt away from being dead. hr From Aileen Erin, the USA Today Bestselling Author of the Alpha Girl series, comes an epic adventure in space: The Aunare Chronicles! Book 1: Off Planet Book 2: Off Balance Book 3: In Command (an eBook Novella) Book 4: On Mission Book 5: On Destiny hr "Off Balance is a rollercoaster ride with love, lots of emotion, character development and daring action.... **Homes protected with blood** Andras Fort 2023-09-10 Below you can read a novel about how the Bailiff Mafia robs & kills the Hungarians The author of the novel is Fort András, a veteran journalist living in Hungary, opposition reporter, correspondent and civil activist, Home protector. He is 66 years old and received his first journalistic excellent award in 1977. As a field correspondent, he covered the Hungarian credit crisis, bailiffs and evictions for more than 10 years. This novel was composed of his personal experiences and experiences; The 'Homes protected with blood'. But it's a fiction. About what happens when an eviction turns into a bloody battle? What if people get fed up with the state's violent domination and the families' looting? What if they get fed up with the corruption of State officials and underworld methods masquerading as legal proceedings? And that's why people start protecting their homes, even at the cost of their own blood. This novel is a possible picture of the near future. This is how the civil war could break out in Hungary. The author did not write this novel primarily to make money. But to commemorate the victims who died during or after their eviction. There are many. \*\*\* The editorial board of Austin Macauley International Publishers in London wrote about the manuscript of the novel: "Dear Mr Fort, 'Homes Protected with Blood' Your manuscript was brought to our attention at the latest Editorial Board meeting when we discussed the potential of its publication. Having read all the reports and taken note of the Editors' opinions we can confidently state that 'Homes Protected with Blood' was found to be a strong and moving manuscript. Your chronicling of your experiences (the successes, challenges and hardships) and their impact on life in Hungary with the growing problems of the housing market and abuse of power evokes a strong sense of empathy in the reader. The Board was keen to comment on the poignancy of the work, how you tackled a difficult and deeply personal subject with dignity and skill. An empowering and liberating manuscript that focuses on a subject not readily discussed. Overall, the Board was impressed with your authorial voice and feel 'Homes Protected with Blood' will be an excellent addition to the current catalogue with a definite place in the current market. The assured writing style and the honesty with which you detail your experiences make this story one that will resonate with readers, particularly those who faced or have family members that faced similar obstacles."

**A List of Cages** Robin Roe 2017-01-04 This "gripping and moving" story of two foster brothers sharply examines the impact of loss, grief, and abuse (Emma Donohue, bestselling author of *Room*) -- and celebrates the power of friendship. When Adam Blake lands the best elective ever in his senior year, serving as an aide to the school psychologist, he thinks he's got it made. Sure, it means a lot of sitting around, which isn't easy for a guy with ADHD, but he can't complain, since he gets to spend the period texting all his friends. Then the doctor asks him to track down the troubled freshman who keeps dodging her, and Adam discovers that the boy is Julian -- the foster brother he hasn't seen in five years. Adam is ecstatic to be reunited. At first, Julian seems like the boy he once knew. He's still kind hearted. He still writes stories and loves picture books meant for little kids. But as they spend more time together, Adam realizes that Julian is keeping secrets, like where he hides during the middle of the day, and what's really going on inside his house. Adam is determined to help him, but his involvement could cost both boys their lives. First-time novelist Robin Roe relied on life experience when writing this exquisite, gripping story featuring two lionhearted characters.

**Free+Style** Carl Paoli 2014-07-15 After over 15 years of training as an elite gymnast and over a decade of coaching, Coach Carl Paoli offers a fresh philosophy on training by connecting movement styles to fit your specific purpose, while also giving you a simple framework for mastering the basics of any human movement. *Free + Style: Maximize Your Sport and Life Performance with Four Basic Movements* is an interactive way to learn how the body is designed to move through space and how to

interact with our constantly changing surroundings. Using this framework and four basic movements, Paoli will help you maximize your efforts in sport and life, regardless of specialty. Despite Carl's experience as an elite gymnast and a renowned CrossFit coach, this is not a book about gymnastics, CrossFit, or any specific fitness program. Rather, it is a unique take on how Carl studies and teaches human movement and how you can better understand how to move yourself. Carl is not going to teach you the specifics of a movement or sport; instead, he gives you a template that you can use to develop any specific movement. For example, instead of teaching you how to throw a baseball, this book teaches you a universal foundation that will help you further develop your pitching skills. Human movement is intuitive, but not always perfect. This book shows you how to:

- Turn on and trust your intuition about movement
- Use tools that help optimize imperfect movement
- Tap into the universal movement patterns and progressions underlying all disciplines
- Use Carl Paoli's movement framework to create roadmaps for your physical success
- Learn what being strong really means

*Free + Style* is a practical manual to develop human movement regardless of your discipline. It is equally applicable to veteran athletes, weekend warriors, fitness enthusiasts, people trying to pick up a new sport, and people who are simply curious about improving their health. By developing your awareness and learning to see across other disciplines, you can tailor any training regimen to meet your unique goals.

**Different Class** Dermot Kavanagh 2017-07-13 Shortlisted for Biography of the Year at the British Sports Book Awards When Laurie Cunningham played for England in an under-21s match against Scotland in 1977, he became the first black footballer to represent England professionally. Two years later, he would become the first Englishman to play for Real Madrid. In a time when racist chants flew from the stands, Cunningham's success challenged how black players were perceived, paving the way for future generations. But Cunningham was more than an exceptional footballer who could play like a dream. He was a dandy with a love of funk music and bespoke suits, as easily graceful on the dance floor as he

was on the pitch. Different Class is a portrait of an important but unsung figure who brought glamour to the game at a particularly dark point in its history. Many know Laurie Cunningham's name but not his story; now they will know both.

**Parkour and the City** Jeffrey L. Kidder 2017-04-20 In the increasingly popular sport of parkour, athletes run, jump, climb, flip, and vault through city streetscapes, resembling urban gymnasts to passersby and awestruck spectators. In *Parkour and the City*, cultural sociologist Jeffrey L. Kidder examines the ways in which this sport involves a creative appropriation of urban spaces as well as a method of everyday risk-taking by a youth culture that valorizes individuals who successfully manage danger. Parkour's modern development has been tied closely to the growth of the internet. The sport is inevitably a YouTube phenomenon, making it exemplary of new forms of globalized communication. Parkour's dangerous stunts resonate, too, Kidder contends, with a neoliberal ideology that is ambivalent about risk. Moreover, as a male-dominated sport, parkour, with its glorification of strength and daring, reflects contemporary Western notions of masculinity. At the same time, Kidder writes, most athletes (known as "traceurs" or "freerunners") reject a "daredevil" label, preferring a deliberate, reasoned hedging of bets with their own safety—rather than a "pushing the edge" ethos normally associated with extreme sports.
