*Simply Irresistible* Raj Persaud 2010-09-30 As psychology advances its understanding of the mind and brain, perhaps the last remaining bastion of mystery about why we do what we do relates to love and attraction. However, recent research suggests that even the mysteries of attraction are being revealed - which is great news for those amongst us who would rather not leave seduction to chance. In this illuminating follow-up to his acclaimed bestseller, *The Motivated Mind*, Dr Raj Persaud draws on the very latest research to show not only how to increase your attractiveness generally, but how to become absolutely irresistible to anyone. For example, do you know... that experiments on dating can predict with over 80% accuracy who will be attracted to who by whether just a few simple conversational strategies are used on a date? why abnormally low lighting is strongly associated with romance, why women wear blusher on their cheeks, or lipstick to enhance their pouting lips? Or that seeking to be agreeable on a date is not actually the most attractive or successful strategy to use. And for anyone out there who is looking for that rare combination of brains and beauty, there is reassuring news: current research reveals that it is indeed perfectly possible to guess a person's IQ from the way they look. Frank, witty and packed with useful questionnaires and invaluable advice, *Simply Irresistible* is the essential guide on how to catch - and keep - your perfect partner.

*Love and Rage* Lama Rod Owens 2020-06-16 A LOS ANGELES TIMES BESTSELLER In the face of systemic racism and state-sanctioned violence, how can we metabolize our anger into a force for liberation? White supremacy in the United States has long necessitated that Black rage be suppressed, repressed, or denied, often as a means of survival, a literal matter of life and death. In *Love and Rage*, Lama Rod Owens, coauthor of *Radical Dharma*, shows how this unmetabolized anger--and the grief, hurt, and transhistorical trauma beneath it--needs to be explored, respected, and fully embodied to heal from heartbreak and walk the path of liberation. This is not a book about bypassing anger to focus on happiness, or a road map for using spirituality to transform the nature of rage into something else. Instead, it is one that offers a potent vision of anger that acknowledges and honors its power as a vehicle for radical social change and enduring spiritual transformation. *Love and Rage* weaves the inimitable wisdom and lived experience of Lama Rod Owens with Buddhist philosophy, practical meditation exercises, mindfulness, tantra, pranayama, ancestor practices, energy work, and classical yoga. The result is a book that serves as both a balm and a blueprint for those seeking justice who can feel overwhelmed with anger--and yet who refuse to relent. It is a necessary text for these times.

**Face Value** Alexander Todorov 2017-05-30 The scientific story of first impressions—and why the snap character judgments we make from faces are irresistible but usually incorrect We make up our minds about others after seeing their faces for a fraction of a second—and these snap judgments predict all kinds of important decisions. For example, politicians who simply look more competent are more likely to win elections. Yet the character judgments we make from faces are as inaccurate as they are irresistible; in most situations, we would guess more accurately if we ignored faces. So why do we put so much stock in these widely shared impressions? What is their purpose if they are completely unreliable? In this book, Alexander Todorov, one of the world's leading researchers on the subject, answers these questions as he tells the story of the modern science of first impressions. Drawing on psychology, cognitive science, neuroscience, computer science, and other fields, this accessible and richly illustrated book describes cutting-edge research and puts it in the context of the history of efforts to read personality from faces. Todorov describes how we have evolved the ability to read basic social signals and momentary emotional states from faces, using a network of brain regions dedicated to the processing of faces. Yet contrary to the nineteenth-century pseudoscience of physiognomy and even some of today's psychologists, faces don't provide us a map to the personalities of others. Rather, the impressions we draw from faces reveal a map of our own biases and stereotypes. A fascinating scientific account of first impressions, *Face Value* explains why we pay so much attention to faces, why they lead us astray, and what our judgments actually tell us. **The Irresistible Revolution** Shane Claiborne 2008-09-09 Living as an Ordinary RadicalMany of us find

ourselves caught somewhere between unbelieving activists and inactive believers. We can write a check to feed starving children or hold signs in the streets and feel like we've made a difference without ever encountering the faces of the suffering masses. In this book, Shane Claiborne describes an authentic faith rooted in belief, action, and love, inviting us into a movement of the Spirit that begins inside each of us and extends into a broken world. Shane's faith led him to dress the wounds of lepers with Mother Teresa, visit families in Iraq amidst bombings, and dump \$10,000 in coins and bills on Wall Street to redistribute wealth. Shane lives out this revolution each day in his local neighborhood, an impoverished community in North Philadelphia, by living among the homeless, helping local kids with homework, and "practicing resurrection" in the forgotten places of our world. Shane's message will comfort the disturbed, and disturb the comfortable . . . but will also invite us into an irresistible revolution. His is a vision for ordinary radicals ready to change the world with little acts of love.

*How to Attract Women* Leonardo Bustos 2015-09-10 How to Attract Women Attract more women with humor by reading this wildly funny and entertaining book! You will be taken through a step by step formula that will help you to easily develop the high status humor skills and alpha male body language habits that women are subconsciously attracted to at a primal level. You will discover how fun and exciting it is to confidently approach practically any woman, anytime, anywhere and instantly have a fun and humorous connection with her. I'll show you a guaranteed foolproof method that has allowed me to engage attractive women in deep and thoughtful rapport by asking the right questions that cause her to become emotionally aroused. Men are aroused more by visual cues. A man looks at a woman searching for sexual stimuli like a jeweler looks for perfection in a flawless gem. Visual cues convey information about a woman's health, fertility, and youth. Women are aroused more by psychological cues. A woman looks at a man much like a detective would a suspected criminal who is about to commit another crime. The visual cues a woman looks

for are status, resources, commitment, kindness, stability, and humor. Just as you are attracted to a beautiful face, ass, and breasts, so are women attracted to "male cleavage," or the attractor factors that include high status humor. I'm going to show you how to develop those psychological cues that women can't help but be attracted. With a little practice, you'll start to notice that women will begin to smile at you more when you stimulate the emotional part of their brains that make them laugh. You'll especially notice how they will start engaging you more in a playful manner and will then want to start spending more time with you. Women want men to pursue them for sex. The problem is, too many guys are either too passive and conceal their sexual interest in women, or they act like aggressive idiots and drive them away. Luckily for you, there is a very cool and natural way to approach and attract women so they become interested in you first, and I'm going to show you how to do it. There is no doubt that women want to be sexually attractive and desired by men. They are actively looking for those men who have the ability to unlock the code to their natural instinctive desires. This book is going to teach you how to develop those traits and skills that tap into a woman's primal needs and desires. You grew up with a modern "female blueprint" and I'm going to show you how to record over it. I'm happy for the women's liberation movement and equality, but along with it became the feminization of American society. The Equal Rights Movement for women in the 60's has caused role reversals and gender confusion that contradicts the conditioning of tens of thousands of years of customary male-female roles. Male and female blueprints that took around 200,000 years to evolve upended suddenly over the last 50. That is a 4,000 to 1 ratio! That's like starting on less than the 1-inch line on a football field of a hundred yards. It's no wonder the modern male population is so confused. One of the primary reasons so many feminized males (often referred to as wusses) are unsuccessful in attracting women is they act like women themselves. It won't work! You can't reverse a few hundred thousand years of conditioning over a 50-year period and expect different results. The methods you're about to learn were scientifically tested and proven to work in social experiments. This information has been carefully researched and documented from experts in the fields of evolutionary psychology, sociology, neuroscience, evolutionary biology, anthropology, and many other fields too numerous to mention. This book can change your life!

**The 7 Irresistible Qualities Men Want in a Woman** Bruce Bryans 2013-11-26 Discover What Quality Men Secretly Look For When Choosing "The One" A high-quality man who knows what he wants will NOT settle for just any woman to build a meaningful relationship with. Men like this want a woman who exudes high character. And though she may be beautiful on the outside, he expects her inner worth to be far superior to the women around her. Once a woman passes a man's "physical appearance" test that is specific to his personal tastes, it's her inner value (or lack thereof) that will either lose or keep his interest in her. Learning how to keep a man interested in you is as simple as figuring out what men want when it comes to choosing a partner for a long-term relationship. Sadly, many women either disqualify themselves from relationships with phenomenal men or they only seem to attract losers, players, and time-wasters because they failed to develop the inner qualities great guys actively look for in a potential wife or girlfriend. The 7 Qualities That Can Make a Man Fall Helplessly in Love With You Due to trust issues, many great guys aren't open about they need in a relationship. Because of this, many women only learn how to understand men after painful trial and error or by fighting to get a man to open up emotionally. By the time she's figured him out, the incessant conflict and misunderstanding has already taken its toll on him; making his emotional barriers even stronger than before. The faster a man trusts you on a subconscious level, the faster he'll be able to let himself go completely and fall in love with you. How to Find Mr. Right By Becoming Better Girlfriend Material If you want to attract and keep a high-quality man then you need to understand what men want in a woman. This short book will reveal to you what a high-quality man wants in a woman he considers girlfriend or even wife material. Although different men want VERY different things, there are certain feminine qualities that ALL commitment-able men look for when choosing a long-term mate. Only the woman who possesses these feminine qualities will find attracting men - quality men - to be both an effortless and rewarding activity. Here's what you're going to learn inside: What men want in a woman, and why being unapologetically feminine attracts the BEST kinds of men. How to get a boyfriend using an "old-school" tactic that can

You see other men working their magic, and you wonder just how they know just what to do. Well, I'll tell you one thing for certain: they weren't born with it. Attraction, believe it or not, is more of a skill than a born personality trait, and you can acquire it, too. I am a man that women naturally find attractive, and I have seduced many women over the years, learning many tricks along the way. I know how their minds work, what makes them tick. **Irresistible** Adam Alter 2018-03-06 "Irresistible is a fascinating and much needed exploration of one of the most troubling phenomena of modern times." —Malcolm Gladwell, author of New York Times bestsellers David and Goliath and Outliers "One of the most mesmerizing and important books I've read in quite some time. Alter brilliantly illuminates the new obsessions that are controlling our lives and offers the tools we need to rescue our businesses, our families, and our sanity." —Adam Grant, New York Times bestselling author of Originals and Give and Take Welcome to the age of behavioral addiction—an age in which half of the American population is addicted to at least one behavior. We obsess over our emails, Instagram likes, and Facebook feeds; we binge on TV episodes and YouTube videos; we work longer hours each year; and we spend an average of three hours each day using our smartphones. Half of us would rather suffer a broken bone than a broken phone, and Millennial kids spend so much time in front of screens that they

struggle to interact with real, live humans. In this revolutionary book, Adam Alter, a professor of psychology and marketing at NYU, tracks the rise of behavioral addiction, and explains why so many of today's products are irresistible. Though these miraculous products melt the miles that separate people across the globe, their extraordinary and sometimes damaging magnetism is no accident. The companies that design these products tweak them over time until they become almost impossible to resist. By reverse engineering behavioral addiction, Alter explains how we can harness addictive products for the good—to improve how we communicate with each other, spend and save our money, and set boundaries between work and play—and how we can mitigate their most damaging effects on our well-being, and the health and happiness of our children. Adam Alter's previous book, *Drunk Tank Pink: And Other Unexpected Forces that Shape How We Think, Feel, and Behave* is available in paperback from Penguin.

**Irresistible** Andy Stanley 2018-09-18 A fresh look at the earliest Christian movement reveals what made the new faith so compelling...and what we need to change today to make it so again. Once upon a time there was a version of the Christian faith that was practically irresistible. After all, what could be more so than the gospel that Jesus ushered in? Why, then, isn't it the same with Christianity today? Author and pastor Andy Stanley is deeply concerned with the present-day church and its future. He believes that many of the solutions to our issues can be found by investigating our roots. In *Irresistible*, Andy chronicles what made the early Jesus Movement so compelling, resilient, and irresistible by answering these questions: What did first-century Christians know that we don't—about God's Word, about their lives, about love? What did they do that we're not doing? What makes Christianity so resistible in today's culture? What needs to change in order to repeat the growth our faith had at its beginning? Many people who leave or disparage the faith cite reasons that have less to do with Jesus than with the conduct of his followers. It's time to hit pause and consider the faith modeled by our first-century brothers and sisters who had no official Bible, no status, and little chance of survival. It's time to embrace the version of faith that initiated—against all human odds—a chain of events resulting in the most significant and extensive cultural transformation the world has ever seen. This is a version of Christianity we must remember and re-embrace if we want to be salt and light in an increasingly savorless and dark world.

*The Tao of Dating* Ali Binazir 2012-06-13 The #1-Rated Dating Book by Readers on Amazon for 3+ Years Running This is what readers say: 'I have read many books about relationships and dating, but The Tao of Dating is one of a kind, so different and mind-blowing in its common sense and simplicity that it is impossible to put it down once you start reading.' 'Well, where shall I start? Mind blowing? Life-changing? Truly opened my eyes? No words can express how much I love this book. I wish I had read it much earlier.' 'I keep this book in a small, carefully chosen, boxed collection of 'indispensable advice I wish I had written' that I will pass along to my children as they navigate through teens, twenties, early adulthood and beyond.' 'This turned out to be one of the most transformative books I have ever read much more so than I thought it possibly could be.' 'The content is intelligent and compassionate and enriching far beyond anything to do with dating. In essence, this book somehow, magically, alchemically, brings you back to yourself. Everyday TV and other media specialize in portraying women as cheap and disposable. This book is the antidote. Just by reading it, one is restored to one's own heart. I can think of no better praise.' '1.5 reads of the book in and I can honestly say that I not only have a clear sense of the basic things that I was doing that were completely throwing off the dynamic with these men, but that I now have simple, quite beautiful little tools in mind when I'm interacting with men that make me properly excited to date. I'll admit that I bought a few books in this vein in one lump...but 'The Tao of Dating' just completely blew them out of the water.' 'This is the most helpful dating book that I have experienced! At the time of my purchase I also downloaded two other books and after reading this I can't even get through the first chapter of the other ones.' 'Thanks to this specific book, I went from having a nonexistent dating life, with empty weeks stretching ahead to being booked every night of the week and in some cases, having two or three dates per evening... the results, for me, were dramatic: I now feel like I have my pick of the litter a slew of fabulous guys who all clamor for my attention.' Can You Have it All? Hell Yeah! I believe that smart, successful women CAN have it all -- both a great career AND a rich, warm, fulfilling love life. Do read on if you agree. See -- smart women like yourself were having unfulfilling love lives on an epidemic scale when I was an advisor at Harvard. They either couldn't find the right guy, were with the wrong guy, had relationships that didn't last, or had given up on dating entirely. So I wrote this book to remedy the situation. This is not your grandma's dating guide. Partially because I'm not your grandma, and partially because the 21st century poses unprecedented challenges to the modern woman. With a high-powered career, it may seem that there just isn't time for love. And nowadays, lots of guys are less educated & affluent than you. What to do? Ancient Wisdom + Modern Science = Lasting Love & Happiness for You This book combines ancient wisdom with modern science to give smart, successful women like yourself a heart-centered, science-based, practical guide to finding fulfillment in your love lives -- and far beyond. I give it all to you in a progression of small, easy steps that put the fun back in dating, plus the science and reasoning behind it so you can trust where it all comes from.
