**Domination Basics** Drawk Kwast 2010-12-13 This book shows a blatant disregard for social acceptability as it instructs readers toward one simple goal: total domination. It's egotistical, sexist, narcissistic, and completely practical. These are the secrets of the alpha male, and throughout the centuries, they have been the only real path to money, women, and power. If you've tried everything else, it may be time to use what actually works. Introduction In every generation there are two groups. There are the masses. For them, the world is chaotic and painful. They live most of their lives knowing something is wrong but not knowing how to fix it. Their battle cry is one of weak mediocrity. They are neither satisfied nor rested. Their biggest fear is that they will die nothing more than the sum of their failures and frustrations. There is another group. They are the elite, the Alphas. They understand the universe as an equation. They get it. They are free in all the ways that others are not because they are free of fear. Everything is in abundance for them. They have the friends you want. They have the jobs you want. They have the cars you want parked in front of the houses you wish you owned. They experience the life you want while surrounded by the women you want. All the things you dream about, they know how to get - easier, faster, and smarter than you can. At the end of every day, they sleep with ease, looking forward to the next day's adventures. Which group are you a member of? What if you had a choice? This book will give you that choice. Inside You Will Discover... Part 1: Social Basics Being the envy of those around you How you choose to see yourself and those around you dictates how you assign value. We are going to stack the deck in your favor by preventing you from sabotaging your own value and stopping you from over-inflating the value of those around you. With these skills, you can thrive in any social environment. Part 2: Business Basics Failure and other necessary ingredients for success This is your guide for maneuvering when things periodically and inevitably go wrong in the business world. Where most men become paralyzed, you will become stronger. This is the art of building today's success out of yesterday's failures. Part 3: Power Basics Understanding the source and nature of your power The source and nature of your power is no great secret, yet most men will never understand these concepts because they expect complex answers. By accepting the truths you didn't expect, and taking action on a plan that is deceptively simple, you will gain power far beyond what you thought possible.

**Alpha Male Challenge** James Villepigue 2009-09-01 Men are losing their masculinity. Guys are urged to get in touch with their "feminine" side at the expense of the traditional attributes that make men "male." Today's men need a major adjustment of alpha attitude, and "Alpha Male Challenge" is the 10-week plan for reclaiming the masculine, competitive edge guys need to be on top of their game in every aspect of their lives. It's the new blueprint for the "true" Alpha Male--the ideal of masculine excellence today. More than just another fitness book, this three-part exercise, diet, and mindset overhaul features: the revolutionary MaleScale assessment questionnaire that measures the physical and mental traits that define the true Alpha Male; a step-by-step regimen to develop the Four C's of Alpha Attitude: commitment, confidence, courage, and conscience; the Alpha Wave Basic Training program to build muscle, burn fat, and produce testosterone; the Work Heart/ Play Heart cardio system; and the Alpha Fuel Solution, a convenient approach to food and supplements with simple Fuel Rules based on what the human body was designed to eat over the past 2.5 million years, tweaked with cutting edge innovations. This is a straightforward instruction manual to build the kind of man these hard times demand: ruggedly powerful and supremely confident. **Alpha Male Syndrome** Kate Ludeman 2006-10-10 The business world swarms with alpha males—powerhouses who take charge, produce astonishing results, and bring enormous value to their organizations. But many alphas also leave a path of destruction in their wake. Competitive, belligerent, and impatient, these hard-charging leaders can run roughshod over colleagues and employees, to the detriment of their careers and the bottom line. In Alpha Male Syndrome, Kate Ludeman and Eddie Erlandson build on their Harvard Business Review article “Coaching the Alpha Male”—sounding a wake-up call to all alphas and the companies they work for. The authors show alphas how to leverage their unique strengths while confronting their destructive “flip side risks.” They describe the distinguishing dynamics of the alpha male syndrome and identify four breeds: commanders, executors, strategists, and visionaries. By understanding each type’s nuances, alphas can transform themselves into more effective leaders. And those who work with alphas can transform nightmare work groups into collaborative dream teams. Exercises, checklists, and tips enable readers to harness the enormous power of the alpha personality while minimizing the downsides of alpha behavior.

**Alpha Male** Carl Oren 2016-02-04 He walks into the room and suddenly all eyes are on him. His outfit screams that he's a man that takes pride in how he looks; his presence exudes confidence; he's naturally charismatic; and when he speaks people are genuinely interested in what he has to say. Other men wish that they could be him and woman want to date him. So who is this alluring creature who knows how to stop people in their tracks with only his presence? He is the ALPHA MALE.

Originally, the term Alpha male was associated with zoological studies and made reference to the dominant males of the animal kingdom. This reference has much to do with the fact that in the Greek alphabet, the first letter is Alpha. As it turns out, today, society has become obsessed with the buzzword Alpha male. Unfortunately, there are a number of persons who have the wrong idea about who an Alpha male really is (the human Alpha male that is). Going back to the zoological reference, you'll notice that there is a certain way in which the Alpha males in the animal kingdom behave. The dominant males are visibly more powerful and larger, and will win their position by either fighting or intimidating the other males of their kind. For example, the male gorillas show their strength and dominance by beating their chests, while the male lions usually fight for their position as the dominant ones. Are the human Alpha males really like those of the animal kingdom? As mentioned before, as it relates to us humans, individuals sometimes are misconceived about who an Alpha male is. Whenever they hear the term they instantly picture a loud, buff, egotistic man who is constantly aggressive, bullies others to get what he wants, may even do the unforgivable and refer to himself in the third person, and who of course is never without a woman to sleep with on any given night. While the description above may have some similarities to the dominant males in the animal kingdom, this type of behavior will not work in our society. Men cannot win their positions of power by going around belittling, intimidating and fighting other men. It just will not work. Furthermore,

humans, unlike their animal kingdom counterparts, are far too intelligent for such petty behavior (at least some of us are). A real Alpha male is a man who is assertive without needing to be aggressive. He is a man who can take control over any situation when necessary; the epitome of a true leader, but he does not have to belittle other men to get to that position. If (and only if) needs be, he knows how to defend himself and everything that is his. A smooth talker is he, without having to be sneaky. A man of his word. A man who holds women in a highly respectable position, always ensuring that the women in his company are well taken care of, and never misusing them or walking over them because he thinks they are the "inferior gender." These are just a few of the qualities that are found in a true Alpha male. Do you consider yourself to be an Alpha male? Better yet, do those around you consider you to be the leader of the pack; the one who will always get things done but does so in a manner that is respectful to himself and others?

**How to Be an Alpha Male** Michael Herlache 2016-07-04 How to Be an Alpha Male?The answer to that question is dominance in finance, love & health. When we are asking that question we are really trying to find out:How to select, attract, escalate, have sex with, and commit to a beautiful feminine women?How to become a millionaire before 40 years old without sacrificing quality of life?How to build an athletic and muscular body for life?Alpha University has been founded to answer these questions and has built proprietary methodologies to answer each question.To answer the first question we explore gender archetypes as a model that we can apply to selection, the Alpha and Beta model. We also learn about the science of attraction and how to spike and maintain attraction with the Positive Tension model. Finally, we deal with the issue of selection using the Network to Love model.To answer the second question, we instruct the reader as to the method within which one becomes a millionaire, namely building or buying a perpetuity. In order to build or buy a perpetuity, the individual must be knowledgeable of finance. The Alpha in Finance section of this book aids the individual in selecting their desired finance career within which to reach \$1M. Additionally the text covers the process of building a perpetuity in the context of digital entrepreneurship. After earning your \$1M in cash, one needs to determine where to invest the cash and generate passive income that exceeds ones expenses.To answer the last question, we apply the concept of body types. We discuss what ideal body types are for the male and how to obtain them.When the male implements these models in their life on a regular basis and dominate in finance, love and health, they may say that they have become an alpha male.

10 Steps to Becoming an Alpha Male Giovanni Dangel 2016-12-07 Most people drift through life with no idea of what they would like to do. They wake up in a morning and go to bed at night without any direction. These are the beta and omega males, these are the people who end up flipping burgers at McDonald's. As well as ending up in an unfulfilling job, if you don't know what it is you want from life, it will come across in your thoughts, actions, and demeanor. If you don't have a purpose in life then you will know just how difficult life can be when you don't know where you are going. But you can easily start living your life with purpose straight away Alpha males are few; that's why you won't find more than one alpha male in a group. Any growing or nomadic males that are interested in taking over an animal group will have to face the Alpha to a fight, one on one, for the position in the animal pack. This doesn't mean that he's the only male in the group; the other males (beta males) are simply submissive to the overpowering presence of the alpha male and don't challenge his domain as a result. Most females of an animal species prefer an 'alpha type' male males that exhibit certain characteristics that prove he's not only strong but smart and protective enough to keep their group safe. Human females are no different; on some base level, most women are attracted to the types of men that exhibit the same features as an Alpha in a pride of lions. Having the ability to have offspring with an 'alpha' that is strong, smart, and quick are all desirable traits to have in a lion cub, and just like the lionesses in the pride, human women also locate men, 'alpha men', that exhibit the same sort of qualities to not only protect their children but also pass on those traits through the generations.
